Dimensions in mm. Information on materials, colours, drawings and use of our articles can be found on pages 166/167. The contact protector GPN 360 was developed for special compact plug connections, which are listed in the application table. The contact protector is additionally suitable for other connections. For these articles, colour deviations and black dots that cannot be completely avoided in production are permissible. We recommend carrying out functional tests before series production. *The article consists of 98 % PCR-PE (Post Consumer Recyclate) and 2 % colour based on a PIR carrier (Post Industrial Recyclate).
