Dimensions in mm. Information on materials, colours, drawings and use of our articles can be found on pages 166/167. The contact protector GPN 361 was developed for special FEP connector housings, which are listed in the application table. The contact protector is also suitable for other connections. This size is not certified to IPX4. ** Related to Pöppelmann sample plugs, tested according to DIN 40050. Please note the information on page

*The article consists of 98 % PCR-PE (Post Consumer Recyclate) and 2 % colour based on a PIR carrier (Post Industrial Recyclate). For these articles, colour deviations and black dots that cannot be completely avoided in production are permissible. We recommend carrying out functional tests before series production.
