Size in mm

### Your KAPSTO® quality benefits:

**Time-saving:** Easy removal due to ring lug.

**Multifunctional:** The tapered design of the plug accommodates larger tolerances. Can also be used as a cap.

**Technical cleanliness:** Production in accordance with VDA Band 19 and ISO 16232 in our specially equipped cleanroom on request. For more information, please see page 116/117.

**Additional information:** Protects threads, pipes, hoses and bores. No loss of construction space due to flat-type ring lug.

**Material:** PE-LD

**Color:** Yellow

Color and material alternatives, additional sizes, bespoke designs and technical cleanliness on request. For more information about materials, colors, drawings and application of our items, please see page 114/115.

### Application Guide

Suitable for use as plug (Inner application)				
Metric threads			Pipe thread	Order no.
Fine thread				
M 10 x 1	M 10 x 1.5		G 1/8	615 UL 88
	M 12 x 1.5			615 UL 91
				615 UL 107
	M 14 x 1.5		G 1/4	615 UL 114
				615 UL 127
	M 16 x 1.5		G 3/8	615 UL 147
				615 UL 152
M 18 x 1.5		G 1/2	615 UL 167	
			615 UL 187	
			615 UL 207	
M 20 x 1.5		G 5/8	615 UL 241	
			615 UL 207	
M 22 x 1.5		G 3/4	615 UL 241	
			615 UL 241	
M 26 x 1.5		G 1	615 UL 309	
			615 UL 309	
M 32 x 1.5	M 32 x 2	G 1 1/2	615 UL 448	
			615 UL 448	

This application table is a guide only. We will be happy to send you free samples for testing. For apertures and bore holes without thread, please use dimensions B and C.
